858.752.4321 | mark.huckins@gmail.com | markhuckins.netlify.app | San Diego, CA

PROFESSIONAL SUMMARY

Results-driven Enterprise Sales Executive with 10+ years of experience driving multimillion-dollar SaaS revenue growth in Fortune 1000 accounts. Proven expertise in commerce platforms, data management solutions (PIM, PXM, MDM, GDSN), and supply chain technologies. Consistent President's Club performer with 127% quota attainment. Expert at orchestrating C-suite engagements, navigating complex technical requirements, and building cross-functional consensus to close transformational deals. Leveraging advanced AI sales tool deployments to amplify territory prospecting and increase close rates.

CORE COMPETENCIES

Enterprise SaaS Sales • C-Suite Engagement • MEDDIC Methodology • Challenger Sale • Strategic Account Management • Complex Deal Orchestration • Multi-Stakeholder Consensus Building • Data Management (PIM/PXM/MDM/PLM) • Supply Chain Solutions • GTM Strategy • Contract Negotiation • Net New Acquisition

PROFESSIONAL EXPERIENCE

AI GTM Leader | November 2025 – Present

SRENE.io

Strategic Lead at SRENE.io, building the full commercial motion while leading sales for myBivy, a buyer-facing deal room platform that turns call notes into structured mutual close plans, maps buying committees, tracks stakeholder engagement in real time, and surfaces deal risk before it becomes deal loss. Own positioning, ICP, pricing, and GTM strategy end to end.

- Designed and deployed product positioning, pricing tiers, licensing structure, and brand architecture across a portfolio of sales and PM-focused products.
- Defined ICP and land-and-expand model for myBivy Builder, targeting construction PMs, project owners, and GCs, mapping a growth path from single-project adoption to company-wide deployment across active builds and supporting trades.
- Sourced and structured strategic partnerships with construction tech platforms and trade networks to extend distribution reach and accelerate pipeline into the Builder segment.

1WorldSync (acquired by Syndigo)

Senior Enterprise Account Manager | July 2024 – November 2025

Managed a strategic named account portfolio across Fortune 1000 CPG and retail organizations, driving net new business and install base expansion through a consultative, outcome-driven sales approach. Built trusted advisor relationships with C-suite and executive stakeholders, developed tailored account plans aligned to customer business objectives, and partnered cross-functionally with Sales Engineering, Customer Success, and Legal to move complex multi-stakeholder deals to close.

- Achieved 127% of net new supplier growth quota
- Managed and grew key Tier I accounts including Walmart and Kroger brands
- Increased Tier I account ACV by 33% through upsell and cross-sell strategies
- Achieved 95%+ retention rate across named Tier II and III accounts

Gartner Inc.

Global Strategic Account Manager | May 2023 – July 2024

Advanced global supply chain efficiencies in the Life Sciences sector via professional services, consulting, research, and decisioning tools.

- Expanded partnerships with leading global medical device and pharmaceutical manufacturers (Medtronic, Boston Scientific, Philips Healthcare, Daiichi Sankyo)
- Generated $900K+ in service agreements within first 9 months, exceeding new business targets
- Managed complex service engagements across Planning, Sourcing, Manufacturing, and Logistics business units
- Secured 100% renewal retention rate for all licensed contract holders

CommerceIQ Inc.

Enterprise Account Manager | July 2021 – May 2023

Sold an AI-powered data and automation platform to Fortune 500 CPG and retail enterprises, owning the full sales cycle from self-sourced outbound prospecting through contract close. Engaged technical and business buyers across marketing, IT, supply chain, and C-suite, translating complex AI capabilities into compelling ROI-driven business cases. Competed and won against established incumbents by leading with insight, building champions, and delivering use-case-specific value demonstrations.

- Achieved 100% of net new quota through entirely self-sourced pipeline, closing multi-year enterprise agreements for an AI-powered platform in a competitive, nascent market
- Led new logo acquisition across hardlines vertical, establishing CommerceIQ as the platform of choice
- Executed complex sales cycles coordinating C-suite stakeholders across Marketing, IT, and Business Operations
- Partnered with Solutions Engineering, Customer Success, and channel partners to deliver coordinated account strategies and accelerate technical validation across complex enterprise buying cycles

Salsify Inc.

Global Strategic Account Manager | July 2019 – July 2021

Managed a strategic named account portfolio of Fortune 500 CPG and retail enterprises including P&G, Kellogg’s, McCormick, and Tyson, driving ARR growth through a consultative, outcome-driven approach. Applied deep domain expertise in data management and commerce platforms to build executive relationships, develop account expansion strategies, and deliver measurable business outcomes for each account.

- Top five company-wide sales representative responsible for $2.5M+ in combined ARR
- Achieved President's Club status within first 6 months by exceeding 100% of year one net new quota
- Averaged 136% ACV growth per account across CPG, Technology, Home, and Industrial categories
- Managed strategic relationships with Fortune 1000 brands including P&G, Kellogg's, Microsoft, IBM, Oracle

i3BRANDS

Vice President, Business Development | January 2015 – September 2018

Sourced and negotiated strategic partnerships with industry leaders to co-develop and commercialize enterprise SaaS solutions, driving revenue growth through technology alliances.

- Lyft Partnership: Formed exclusive partnership to co-develop and launch on-demand logistics SaaS platform for enterprise B2C and B2B applications
- SnapOn Business Solutions: Negotiated global resale agreement for value-added services
- Technology Licensing: Structured multi-party licensing of platforms including location-based customer engagement, omni-channel eCommerce (eBay, Amazon), PIM, and IBM Infosphere traceability solutions

i3BRANDS

Director of Sales | March 2011 – December 2014

Designed and implemented inside sales program, scaling revenue from $3.5M to $15M annually.

- Grew annual revenue from $3.5M to $15M (428% growth), representing 2/3 of total company MRR
- Built and managed 24-person team across sales, support, and account management functions
- Achieved 100% of sales budget for calendar years 2012 and 2013
- Averaged 107% of adjusted sales plan for 9 months in 2014

EDUCATION

Bachelor of Science in Business Management

University of Massachusetts Amherst, Isenberg School of Management
